Dear Members of the Election Committee,

It is with great respect and a strong sense of responsibility that I submit my candidacy for election to the Board of the Hellenic-German Chamber of Commerce and Industry. As the Managing Director of HDI Global SE Hellas, a leading industrial insurer with deep German roots and a strategic presence in the Greek market, I am committed to further enhancing the strong economic and cultural ties between Greece and Germany.

In my current role at HDI Global SE Hellas, I lead a team dedicated to serving the needs of large and mid-sized companies operating in critical sectors of the Greek economy — from energy and infrastructure to shipping and manufacturing. Through our close cooperation with both Greek clients and German industrial partners, I have gained valuable insight into the challenges and opportunities that define bilateral business relations today.

I am passionate about promoting sustainable business practices, digital transformation, and innovation in industry. These are values I strongly believe align with the mission of the Chamber. I also consider it essential to support initiatives that foster entrepreneurship, talent exchange, and economic resilience — particularly as both our countries continue navigating the global transitions toward green energy, technological advancement, and supply chain realignment.

If elected to the Board, I will bring a pragmatic, results-oriented approach, grounded in the real economy and informed by experience in both the Greek and German business ecosystems. I will strive to strengthen the Chamber's role as a facilitator of meaningful dialogue, a platform for knowledge sharing, and a catalyst for new partnerships across borders.

I would be honored to contribute to the continued success and influence of the Hellenic-German Chamber and respectfully ask for your support in this endeavor.

Yours sincerely,

Konstantinos Semertzoglou,
Managing Director, HDI Global SE, Hellas
